

Practice sheet for CNF Level 5

$$10 + \dots = 10$$

$$9 + \dots = 10$$

$$5 + \dots = 10$$

$$2 + \dots = 10$$

$$1 + \dots = 10$$

$$3 + \dots = 10$$

$$7 + \dots = 10$$

$$0 + \dots = 10$$

$$6 + \dots = 10$$

$$8 + \dots = 10$$

$$4 + \dots = 10$$

$$\dots + 0 = 10$$

$$\dots + 1 = 10$$

$$\dots + 5 = 10$$

$$\dots + 8 = 10$$

$$\dots + 9 = 10$$

$$\dots + 7 = 10$$

$$\dots + 3 = 10$$

$$\dots + 10 = 10$$

$$\dots + 4 = 10$$

$$\dots + 2 = 10$$

$$\dots + 6 = 10$$

In the check children will have to do 10 of these in 2 minutes. Children should be able to use their fact family knowledge to support their learning e.g. $7 + 3 = 10$ therefore $3 + 7 = 10$. This has been covered in lessons. Children should not rely on fingers to calculate. The facts should be known off by heart.
